I have started numbering the homes - I will get the sample ID's over to you later (tomorrow or later tonight Ok?) - I have the CO&A list homes numbered for use for the tox and will continue the same format (its REALLY complicated HW-1, etc - and homes that share a well I am adding an 'a' and 'b' to the numbering system).

I expect that as we add homes we can add numbers and Joanna will be keeping that safe with all the other PFE stuff when she gets back -

RF and RR is that fine with you?
